

Annual Report 2015-2016 Season

August, 2016

THE CHALLENGE

Snoqualmie Valley families with children aged birth-to-5 seek local, low-cost activities for their wiggle worms to stretch young muscles and practice early social skills...even (especially!) on foul-weather days. As little ones near preschool age, local families look for comprehensive information from Valley providers of early childhood education programs. As kiddos start exploring more widely and vigorously, families seek local resources for keeping kids safe, both at home and on the road. Our key words: LOCAL and FAMILIES!

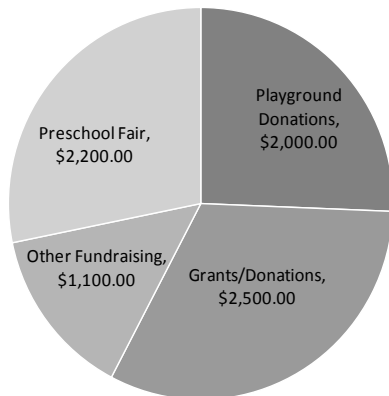

Sno-Valley
Indoor Playground
celebrates its
20th Birthday
in 2016!

WHAT WE OFFER

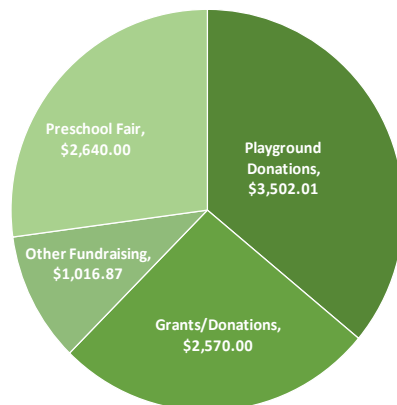

An indoor play space at Si View Community Center that offers 4 distinct play areas to challenge babies', toddlers' & preschoolers' gross & fine motor skills. To keep costs low for local families, our playground is 100% run by a group of dedicated volunteers, and is designed like a co-op; each family that plays helps set-up and break down the play space. Our annual Preschool Fair, which takes place in January, is the only Seattle-area event specific to Snoqualmie Valley providers. Our spring Safety Fair offers free bike helmets, free car seat safety checks, and access to local police, fire-fighting, and search & rescue teams—and their super-cool vehicles—for families.
