GUIDE
for
Preschool Age Services
—2017—

The Sno-Valley Indoor Playground is a non-profit, volunteer-run organization that offers community programs for families with children ages birth to five. Our programs include an indoor play space run throughout the school year, a Valley-specific Preschool Fair held each winter, a children's Safety Fair each spring, and a community fundraiser each summer/fall. To meet the financial needs of growing families, our programs are either free to the public, or request a nominal \$1 donation per attending child.

The Sno-Valley Indoor Playground, a 501(c)(3) non-profit organization, is 100% run by volunteers.

IT TAKES A VILLAGE

For 20 years, the Sno-Valley Indoor Playground has proven the cliché is true...our village of parents and caregivers has worked to provide a dry, safe place to play for roughly 9 months of the year since 1996.

IT TAKES A CO-OP

Our Board plans and manages the business aspects of running a non-profit organization, but the Indoor Playground is a hugely cooperative effort. Playground sessions are opened and closed by attendees...even the kids help! An on-site Facilitator guides the process and ensures safety, but setting up and breaking down the playground really is a group effort.

ALPINE COOPERATIVE PRESCHOOL

At Alpine Cooperative Preschool, we believe children learn best through meaningful play. Our experienced and qualified teacher provides fun, play-based learning opportunities in Math, Art, Science, Language Arts, Social Studies and Physical Education. As a cooperative preschool, parents assist the teacher approximately once per week. This allows us to maintain a great student-adult ratio and low tuition rates. Parent involvement allows us to create a safe, nurturing and comfortable environment for your child's learning. Alpine Cooperative Preschool is unique in Snoqualmie Valley as a satellite program associated with Bellevue College. Please call to arrange a tour! Alpine Co-op currently accepts students 24 months - 6 years of age into our programs. Tuition: One day per week Toddler program (\$77/mo), Two day per week young Preschool (\$115/mo), 3 day per week Preschool (\$175/mo).

FRENCH IMMERSION SCHOOL OF WASHINGTON

**French Immersion
School of Washington**

Taught in French 70% of the day, students age 2.5 (fully potty-trained) through Fifth Grade learn to take the “traditional skills” that every school teaches and use them – to address new situations, to solve problems, to collaborate with others. Using these skills in real life situations helps students think critically, take initiative and use their imagination.

Teachers facilitate critical thinking by asking open-ended questions, allowing students to try, fail and succeed. The students are also encouraged to ask questions, and to develop the necessary skills to find the answers to those questions.

At FISW, our education is divided into three cycles. Each cycle promotes specific developmental objectives and learning skills and enables teachers to accommodate each child’s diverse abilities and needs.

Children are stimulated and engaged, learning at a pace that is challenging for them while becoming open-minded and adventurous. This structure of the French curriculum develops autonomy and critical thinking, opens a student’s mind to multiple cultures and the reality of diversity, and teaches them the rewards of resilience.

Why bilingual? Studies show that children who learn a second language early in life have enhanced cognitive development. Bilingual students not only speak two languages fluently, but they have excellent mastery of their native language, often surpassing their monolingual peers. The regular use of two languages enhances a student’s ability in the areas of abstraction, symbolism, mathematics and problem solving.

KIDS ON THE RIDGE PRESCHOOL

Kids on the Ridge Preschool's mission is to teach all children that God made them, loves them and has a perfect plan for them. We intertwine the importance of God's lessons of values within our classrooms.

Our teachers are experienced in Early Child Education, using Common Core Math and Handwriting Without Tears as a base for academic learning. We offer individualized hands on materials that allow the child to explore at their own pace and feel successful upon completion. The teacher's work with the children in small groups to ensure each student comprehends the information being introduced. The classes are age appropriate and both the Pre-K and the Jr.K programs are dedicated to kindergarten readiness.

We offer a variety of fun and enriching preschool programs for 2.5 years old to age 5. These programs include a one day a week, Thursday morning 2.5 year old class, a 3's class, Pre-kindergarten, Junior Kindergarten and an Enrichment/Lunch Bunch Program.

To learn more, please visit our preschool website and/or contact us directly. We hope to hear from you soon.

SNOQUALMIE VALLEY SCHOOL DISTRICT

Our Early Childhood Preschool Program provides an integrated learning environment for children with a wide range of skill development, enabling all of the students to interact with and learn from one another. It is located at two schools within the Snoqualmie Valley School District, Snoqualmie Elementary and Opstad Elementary. Classes are held Monday through Thursday, and children attend half-day sessions in the morning or afternoon. Our classes vary in size, generally ranging from 8-16 students, with an average of 10. They are taught by certificated Special Education teachers, with the assistance of trained para-educators. Our classes include children with and without developmental delays. Special education students may have an identified delay in the areas of speech/language, fine motor, gross motor, social, cognitive and/or self-help. We welcome 2-3 typically developing children as peer models in each class. Typical peers pay a monthly tuition.

Alpine Dental Care

Kerry E. Bailey, D.D.S., P.L.L.C.

Alpine Dental Care

A child's first visit to the dentist

should be enjoyable. Children are not born with a natural fear of the dentist, but they do fear the unknown. Our office makes every effort to use pleasant, non-frightening, simple words to describe each treatment. We want you and your child to feel at ease from the moment your family arrives at our office!

Dr. Kerry Bailey has lived in North Bend for 25 years and has earned a reputation in the community for caring and trusted dentistry. He graduated from the University of Washington Dental School with his Doctorate in Dental Surgery. He is affiliated with the American Dental Association, the Washington State Dental Association, and the Seattle King County Dental Society.

Alpine Dental Care welcomes new patients, and offers many services including pediatric dentistry and preventative care. Visit our website to download our Dynamite Dental Fun Kit!

Summit Classical Christian School

At Summit Classical Christian School, we aim to instruct children using the classical approach of developmentally appropriate curriculum so that they may know wisdom and gain understanding. Summit offers small class sizes (grades pre-K to 10th grade) enabling careful attention for every student.

Our pre-K class is a one-year kindergarten readiness program, which focuses on classroom routines, academic readiness, and fine motor skills. Our students sing, create crafts, and learn through hands-on activities. Our curriculum focuses on phonemic awareness, upper and lowercase letters, numbers and numeration, socialization, and creative manipulative learning centers. In addition to kindergarten readiness, our pre-K students also spend time praying, listening to Bible stories, and learning about our Lord, Jesus Christ.

Begin your child's classical education with us!
